STATINTL

Enclosed is a dossier on [REDACTED]
whom we discussed yesterday.

STATINTL

I have known him for thirty years, and have the highest regard for his ability and integrity. He speaks French as well as he does English, and he is thoroughly at home in both London and Paris.

Enclosed also is a copy of a letter from General John R. Deane at the time of [REDACTED] departure from Moscow. He was hospitalized after that for four months with stomach ulcers, but he is now in excellent health.

STATINTL

Many thanks for your cooperation.

Sincerely,

/S/ BILL
